Dilations

1 Determine whether the following graphs show a dilation. If yes, find the scale factor.

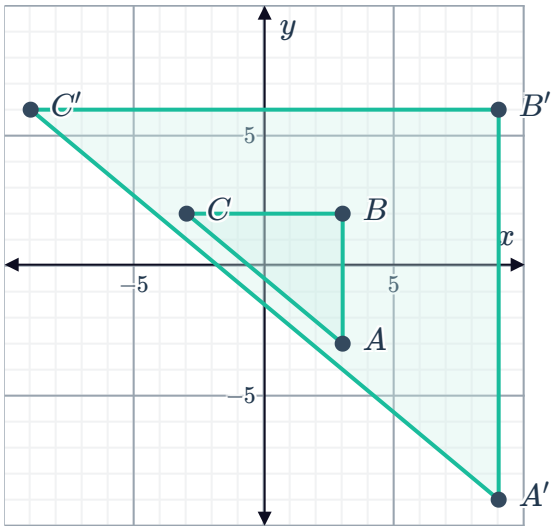

a

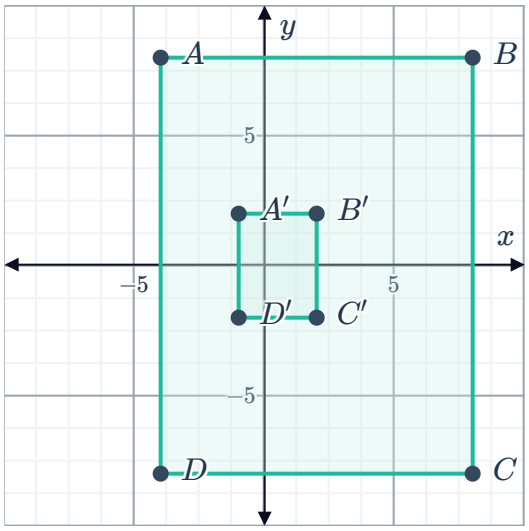

b

c

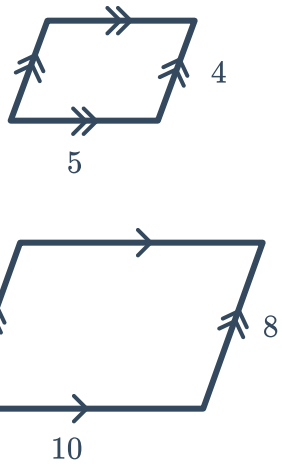

d

3 Dilate the figure by the given factor using the origin as the center of dilation:

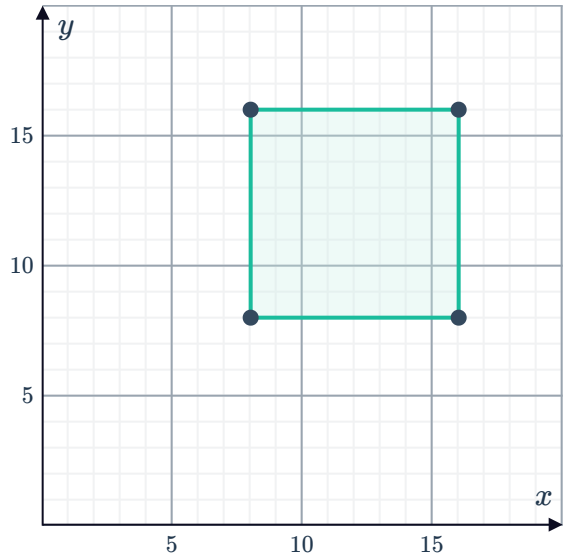

a Scale factor of 3

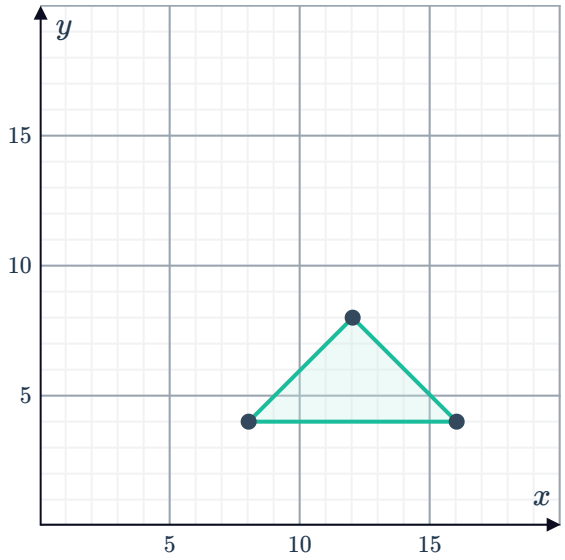

b Scale factor of 4

c Scale factor of $\frac{1}{2}$

d Scale factor of $\frac{5}{4}$

4 Dilate each figure using the given scale factor and center of dilation.

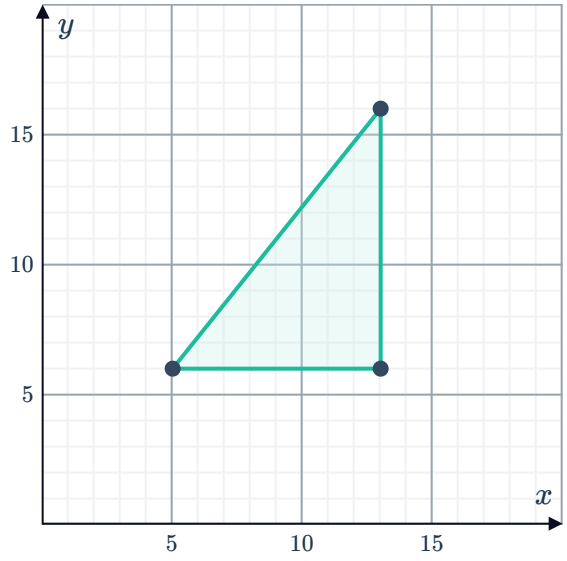

a Scale factor: 2

Center of dilation: $A\,(2, 3)$

b Scale factor: $\frac{1}{2}$

Center of dilation: $A\,(3, 2)$

5 A triangle with vertices $A\,(-7, -5)$, $B\,(3, -5)$ and $C\,(-5, 9)$ is dilated by a factor of 0.5 using the origin as the center of dilation. What are the coordinates of the vertices of the dilated triangle?

6 A rectangle with vertices $P\,(-5, 3)$, $Q\,(3, 3)$, $R\,(3, -5)$ and $R\,(-5, -5)$ is dilated using the origin as the center of dilation. The vertices of the new rectangle are $P'\,(-25, 15)$, $Q'\,(15, 15)$, $R'\,(15, -25)$ and $S'\,(-25, -25)$.

Find the scale factor.
