Compare function types

1

a Function P is a line and function Q is a parabola.

b

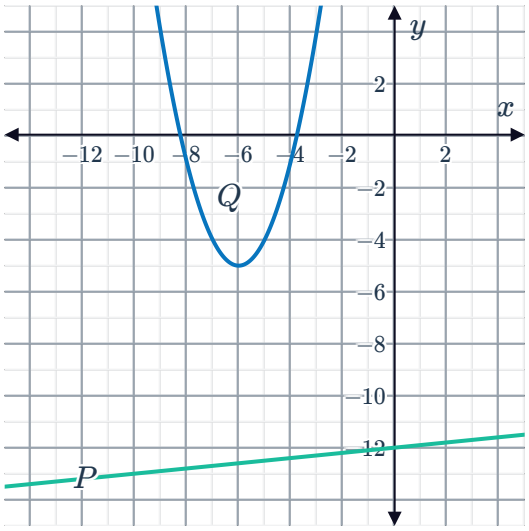

c Function Q

d Functions P and Q are decreasing.

2

a

b Zero times

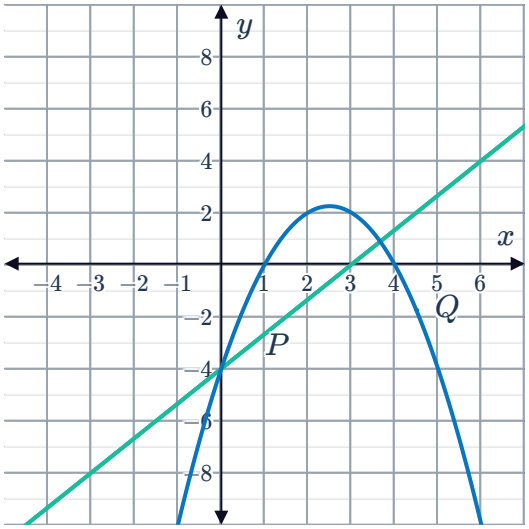

c Function Q

d Function Q

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

3

a

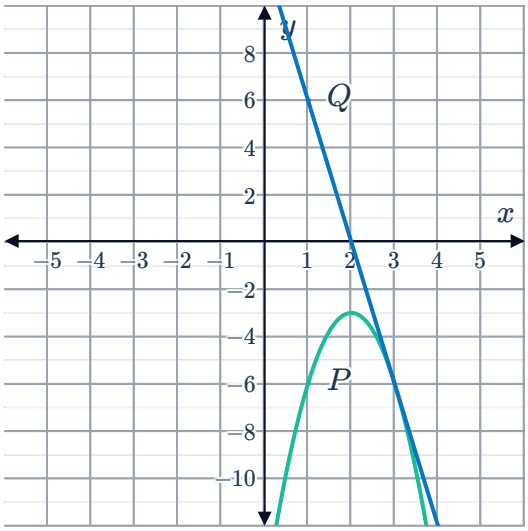

b Twice

c They are equal at $x = 0$.

4

a

b Once

c Function Q

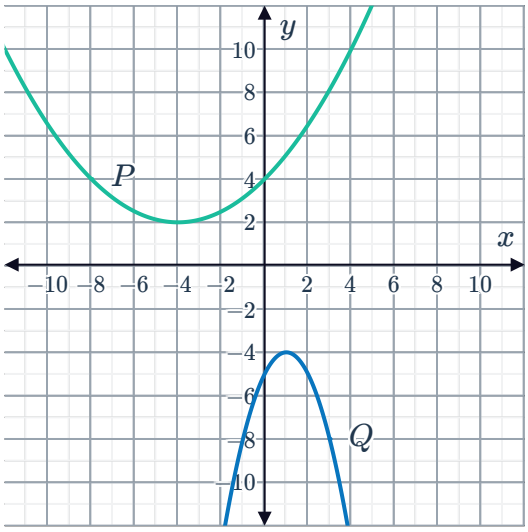

d Function P is increasing and function Q is decreasing.

5 Function P

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

6

a

b Function P

c Function P

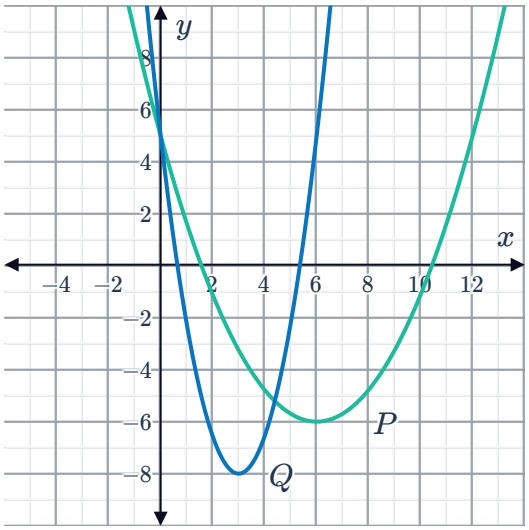

d Parabola P and parabola Q are increasing.

7

a Function A **b** Function B **c** 2 **d** 0

8

a

b Parabola Q

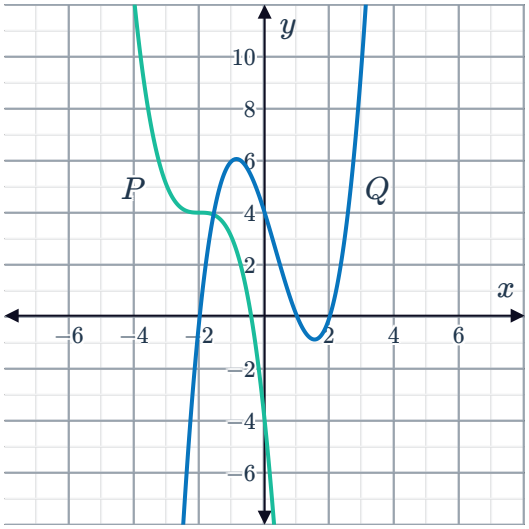

c Twice

d Parabola Q

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

9

a

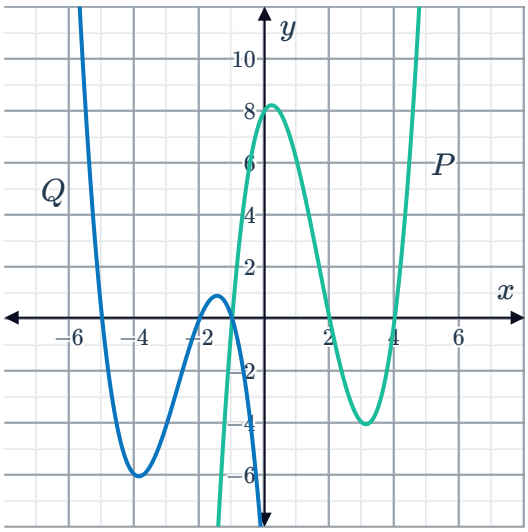

b Cubic function Q

c 1

d 3

10

a

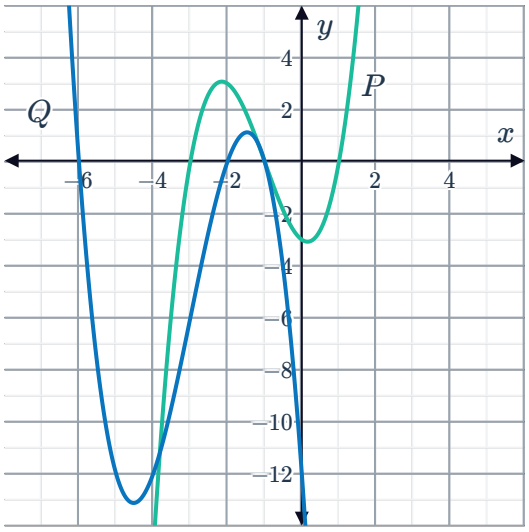

b Function P is decreasing and function Q is decreasing.

c As x approaches ∞, function P approaches ∞ and function Q approaches $-\infty$.

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

11

a

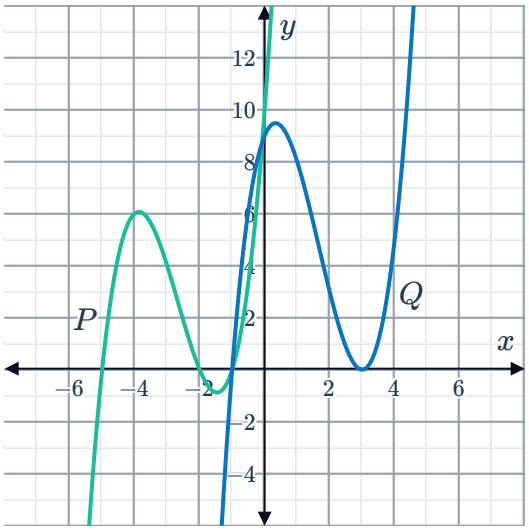

b Function P

c Function P is increasing and function Q is increasing.

d As x approaches ∞, function Q approaches $-\infty$ and function P approaches ∞.

12

a

b Cubic function P

c 3

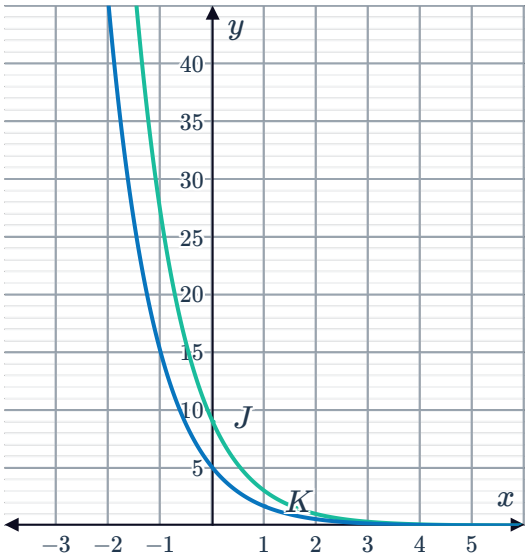

d 2

13

a Decreasing

b

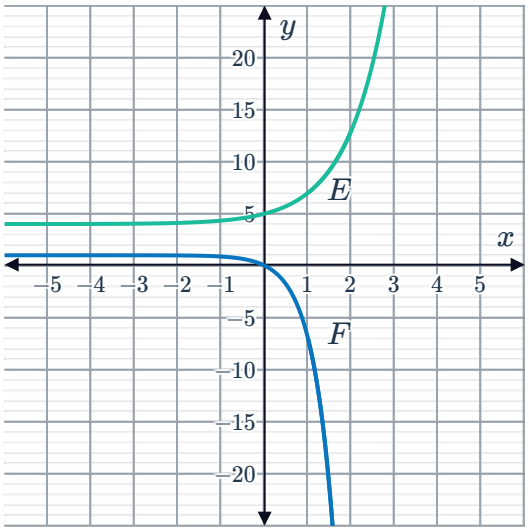

c As $x \to \infty$, functions J, $K \to 0$.

d Dilate $y = 3^{-x}$ vertically by a factor of 5.

14

a

b Zero times

c As $x \to \infty$, the function $E \to \infty$ and function $F \to -\infty$.

15

a Once

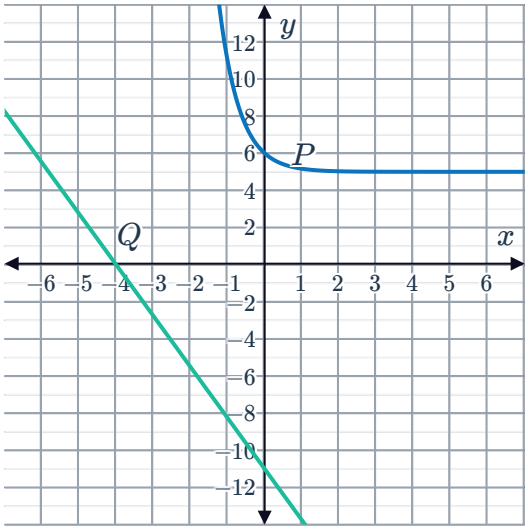

b Function P

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

16

a P is an exponential function and Q is a linear function.

b

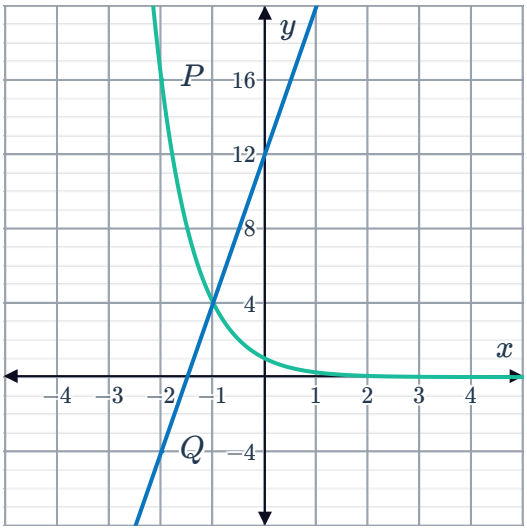

c Function P

d Zero times

17

a

b Once

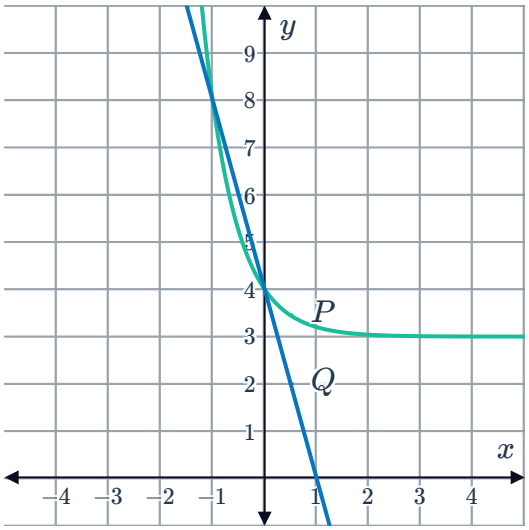

c Function Q

d Function Q

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

18

a

b Twice

c Function P

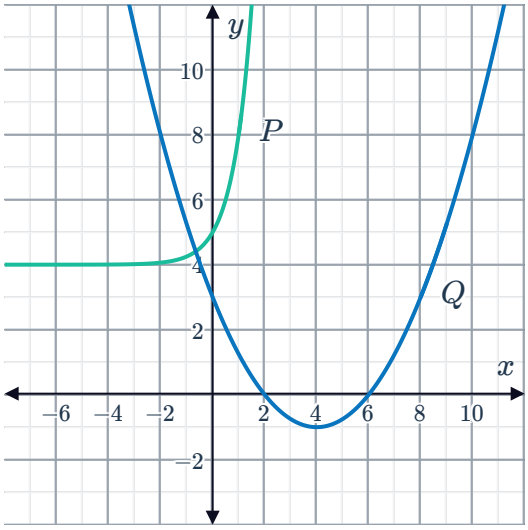

19

a Function A

b Function A is decreasing and function B is increasing.

20

a

b Function P

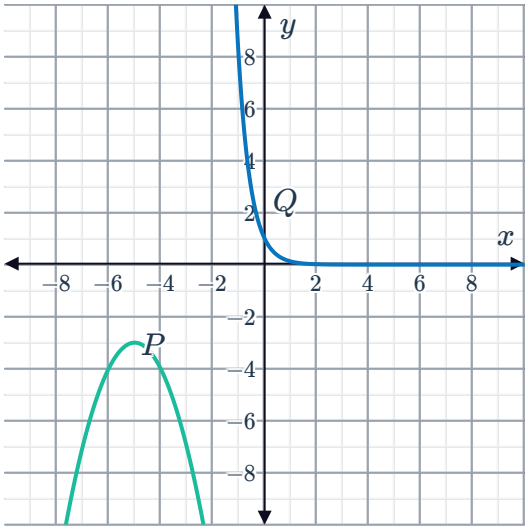

c Function P is increasing and function Q is decreasing.

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

21

a Function P is quadratic (parabola) and function Q is exponential.

b

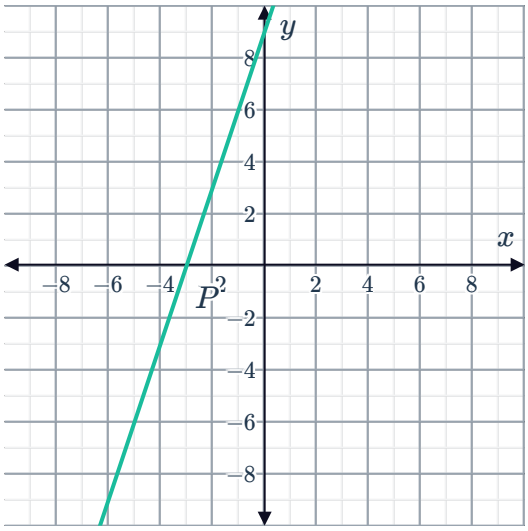

c Zero times

Applications

22

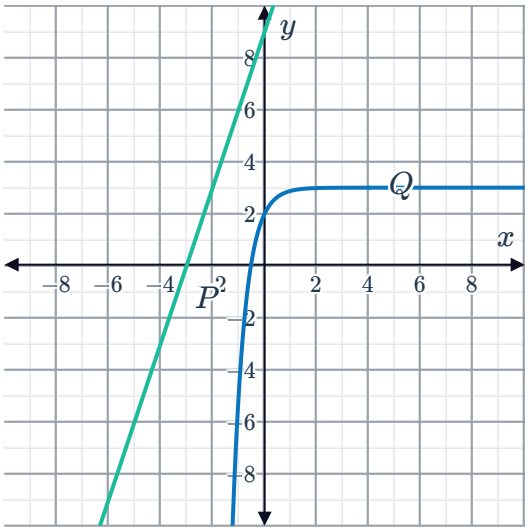

a Function P is linear and function Q is non-linear.

b

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

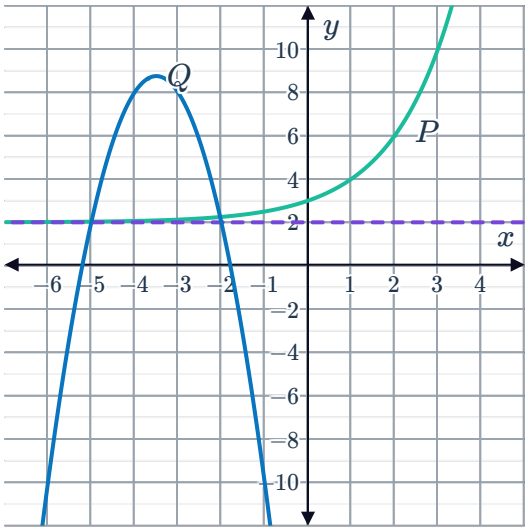

c

d 0

23

a

b As x approaches ∞, the function Q approaches $-\infty$ while function P approaches ∞.

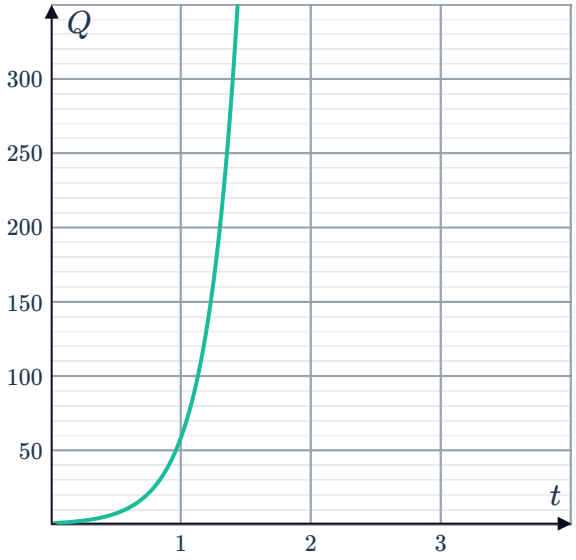

c 2

© ClipSAT: By Mr. Mohamed Abdallah +966597688647

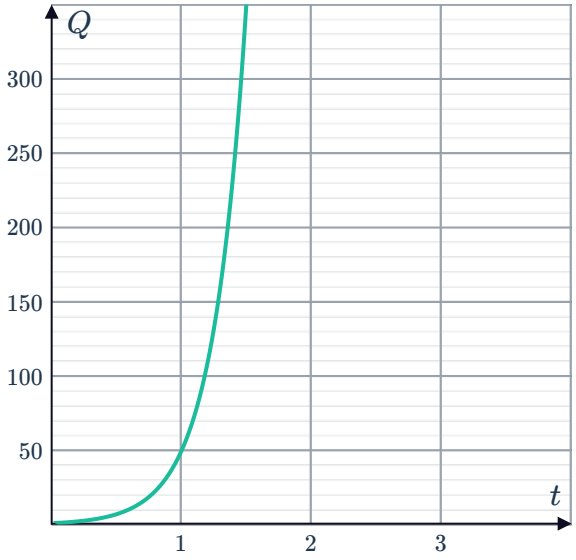

24

a The population of bacteria J increases faster than the population of K.

b

c
