Applications

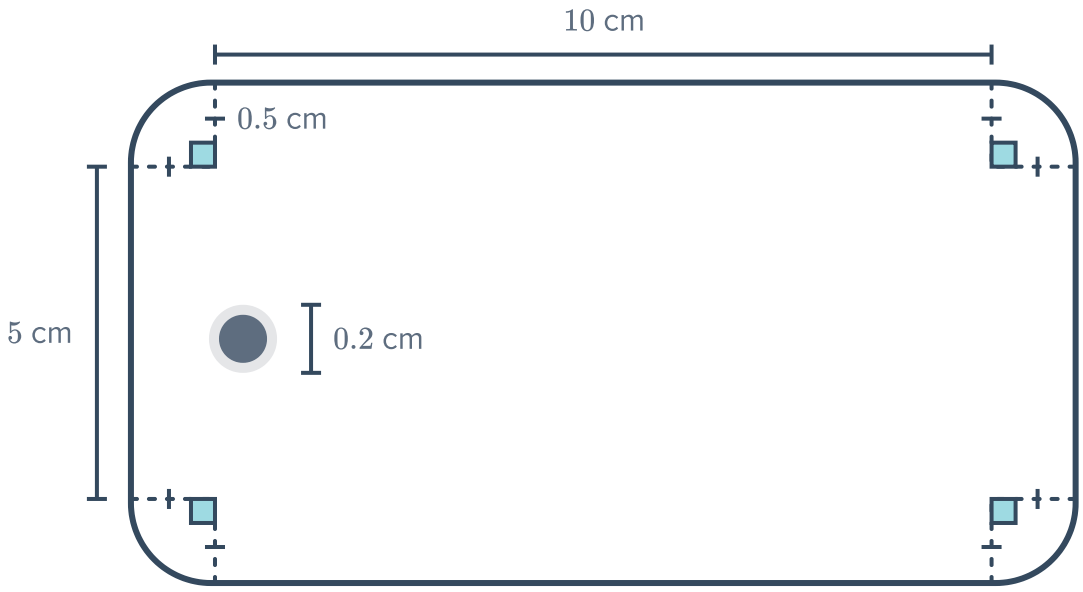

6 Tricia is drawing a yin-yang symbol. She chooses to make the radius of the overall circle be $16\,\text{cm}$ and the radius of the small circles be $2\,\text{cm}$:

Find the area of the shaded part of the symbol.

Round your answer to two decimal places.

7 The back cover of a mobile phone is shown in the following diagram. The rounded corners are quadrants:

Find the area of the back cover, excluding the circular camera lens. Round your answer to two decimal places.
