a Example answer:

Xanthe is playing with a remote-controlled toy car. She holds down the acceleration button and the toy car goes forwards, continuing to increase in speed until it runs into a wall. It takes Xanthe a few moments to find the switch for 'reverse', during which time the toy car remains against the wall. After flipping the switch, the toy car accelerates back in the direction it came from, until it reaches Xanthe.

b Example answer:

Sophia and a group of friends decide to go on a bushwalk. They walk for a while and then stop in a clearing to have lunch. They continue to walk for some time before they come to the edge of a cliff. At this point, they take a sharp turn and begin to walk back in the direction they came from.
