

Similar triangles

1

- a Yes, SAS.
- b Yes, RHS.
- c Unknown, there is not enough information.
- d Yes, AAA.
- e No, they are not similar.
- f Yes, RHS.
- g Yes, AAA.
- h Yes, SSS.

2

- | | | | | | |
|---|-----------|--------|---|-----------|--------|
| a | i A and D | ii RHS | b | i B and D | ii AAA |
| c | i A and B | ii RHS | d | i C and D | ii SSS |
| e | i A and C | ii SAS | f | i B and C | ii SAS |
| g | i C and D | ii RHS | h | i B and D | ii AAA |

Applications

3

- | | |
|---|-----------------------|
| a $\triangle ABC$ and $\triangle ADE$, AAA | b $BC = \frac{56}{3}$ |
|---|-----------------------|

4

- | | |
|-------|-------------|
| a AAA | b $CD = 25$ |
|-------|-------------|

5

- | | |
|---|------------|
| a $\triangle JMN$ and $\triangle JKL$, AAA | b $MN = 5$ |
|---|------------|

6 $\frac{AB}{BD} = \frac{AC}{DE}$

7 Example answers:

- $\frac{FX}{GX} = \frac{3}{7}$
- EF and GH are parallel.

8

a The triangles don't have matching sides in the same ratio.

b $YZ = 9$

9

a AAA

b 12 m

c $x = 9$ m

10 136 cm

11

a All three pairs of corresponding angles are equal or (AAA)

b $h = 20$
